Bits From The Board

The Guild did not have a general or Board meeting in April, due to a late Easter and to the high school show at the Art Museum. Our first Art in the Park event, however, was well attended and featured a good mix of new and old artists.

Thanks to Barbara Blake for organizing and overseeing the Guild's fund raising tent at AITP. To those who helped or sent baked goods or mini masterpieces, many thanks. Overall member participation in this endeavor was sadly lacking, however. In future, please be more involved and help ensure the Guild's existence.

Entries that were juried into the Spring Show are now in the capable hands of the Museum. Hope to see you at the opening reception, May 9th at 5:30.

If you haven't seen the high school show, try to get by the Museum and see the work of our future artists-- you will be impressed! We were pleased to sponsor an award again this year.

Hope to see you out and about.

- Carolyn Powell, President

Monthly Meeting

I can't say much about the April meeting...I wasn't there...neither was anyone else....we didn't have a meeting in April. Hope you had a great Easter. We will have a meeting in May, then break for the summer months. The May meeting will be a great one as we get to see the work of four local high school students. This is always a great meeting
Details below -

Academy for the Arts, Science, and Technology student works to be featured at the May meeting of the Waccamaw Arts and Crafts Guild

The May 19th, 2019 WACG meeting presentation will focus on the creative work of very talented students from the Academy for Arts, Science, and Technology in Horry County Schools. AAST Art Instructor Jamie Franklin will also be in attendance. The students presenting, all graduating seniors, will include Abby Behren, Glenn Courtney, Noah Williams, and Will Williams.

After brief introductions each of the students will present their respective artworks, discuss concept development, and comment on processes and production challenges.

The work created by these local students range greatly in media, size, and expressive solutions and is of the quality that should prove very inspiring.
